

GAGetrak Report Viewer

EVALUATION

ANALYSIS

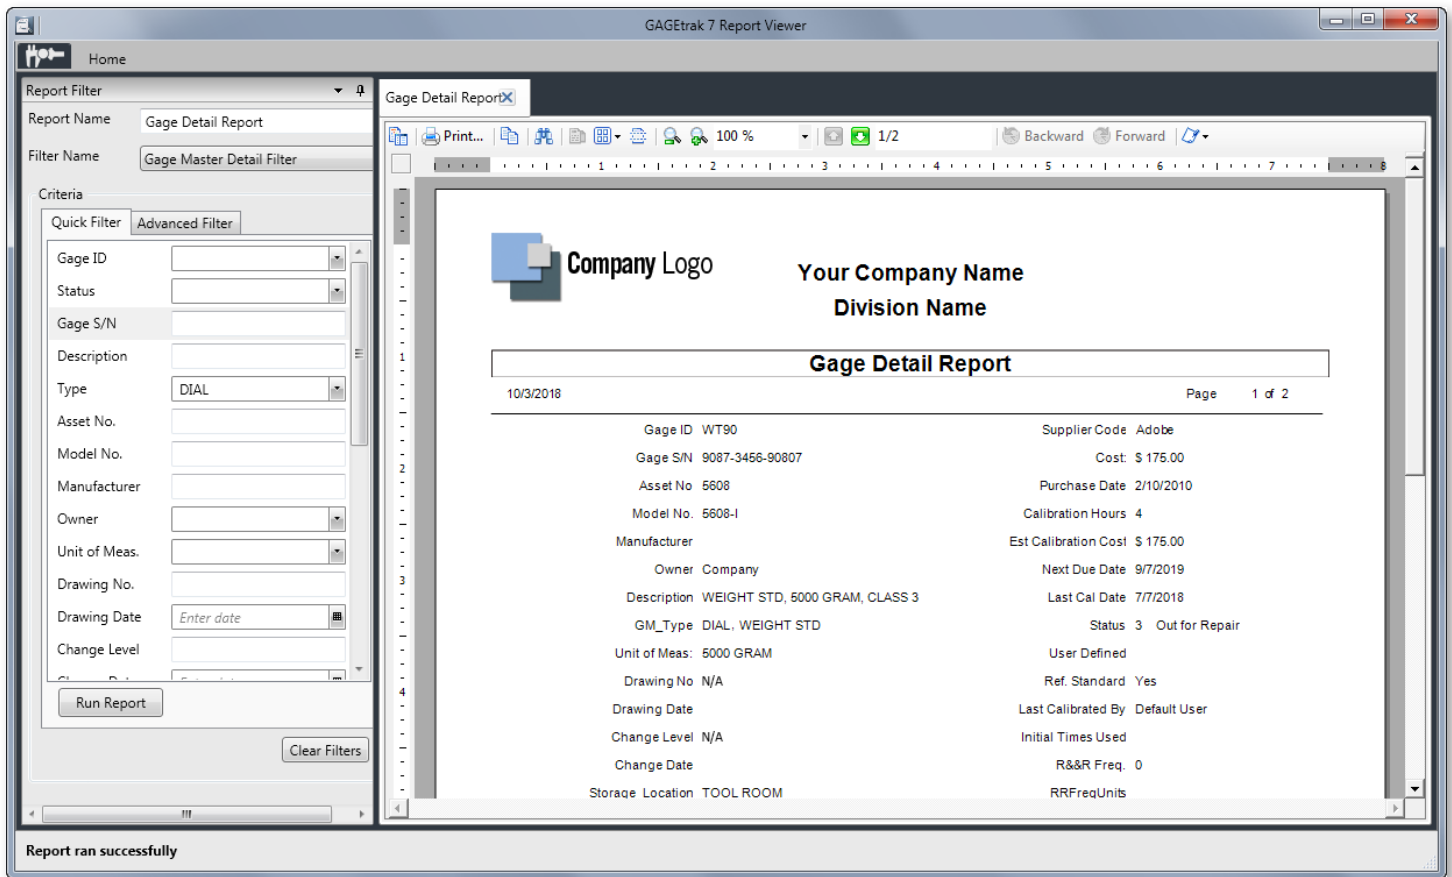

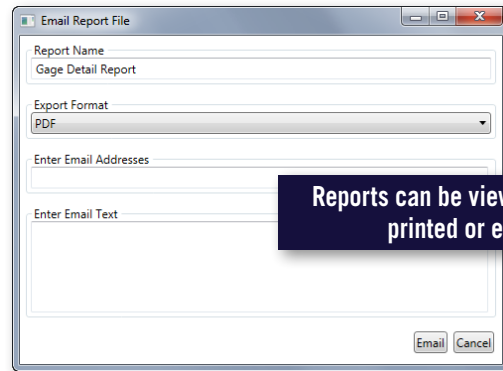

PROGRESS

Get more control over your quality management program with the convenience and simplicity of GAGetrak Report Viewer.

GAGetrak 7 Report Viewer

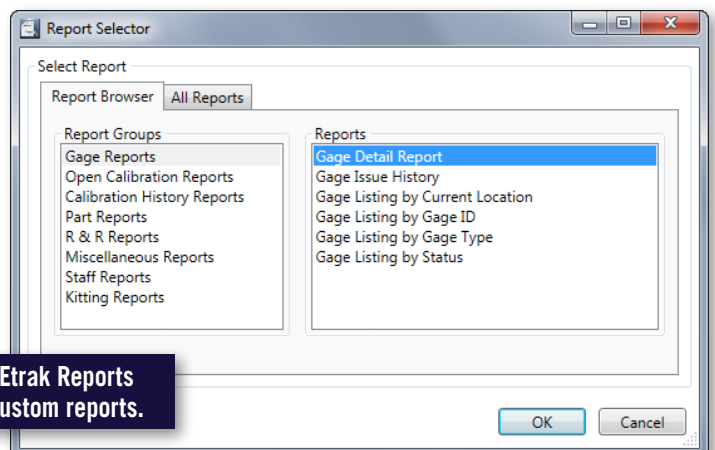

Report Viewer is an easy-to-use, stand-alone desktop utility that allows you to generate thorough reports to analyze and stay ahead of trends, forecast workloads, improve efficiency and minimize costs.

Report Viewer connects to your GAGetrak database (version 7.0 or higher) allowing you to access all standard GAGetrak reports as well as any edited or custom reports that are created within GAGetrak. If you have multiple databases, switching back and forth between them is quick and easy.

Report Viewer Pro

Report Viewer Pro edition offers all of the functionality of Report Viewer as well as a custom report designer to modify existing reports and create your own.

GAGetrak Settings

Because Report Viewer connects directly to your GAGetrak database, your User Info settings (including company name, division name and company logo) and Report Control ID text settings (for document control) are all active in Report Viewer.

Next Due	Gage ID	Gage S/N	Description	Current Location	Calibration Fr
7/15/2018	001E-GBLK	9087-3456-90807	Gage Block 0.050-4.0 (in 81)	Gage Crib 2-3	24 Months
7/15/2018	027E-VBLK-B	9087-3456-90834	Grade B Single Groove V	Gage Crib 2-3	24 Months
7/15/2018	042E-AGB	9087-3456-90806	Angle Gage Blocks Grade 4	Gage Crib 2-3	24 Months
7/15/2018	MSGB1	9087-3456-90866	GAGE BLOCK SET, 81 PC	TOOL ROOM	24 Months

Security

Report Viewer utilizes the same security system that is built into GAGetrak, so anyone with a GAGetrak user account can access reports in Report Viewer.

Filters

Report Viewer's Advanced and Quick Filters are exactly like the report filters in GAGetrak to easily generate reports for the specified criteria.
