

Web Training

Getting Started with GAGetrak 7

April 5, 2018 - 12:00 PM - 1:00 PM, EDT
\$249 per person

This one-hour Web-based training class will take you step by step through the implementation of GAGetrak. You'll learn how to install and configure GAGetrak, navigate the interface, create, upgrade and maintain databases and set up users as well as data entry best practices so you can get up and running quickly.

This class is presented through GoToTraining by Citrix, which allows the instructor to share his computer screen with the students to demonstrate the various features of GAGetrak. As a student, you will be in the comfort of your own office, viewing the training from your PC, and you will be able to ask questions throughout the session via live chat or by phone. Please visit the Citrix website to test your system compatibility, internet connection and audio settings ahead of time to ensure your session goes smoothly - click [here](#).

After you register, you will receive an email containing all of the information you need to join the session.

Class size is limited, so make your reservation now!
