

GAGetrak 7 Admin Web Training Suite September-October 2019

The GAGetrak 7 Admin Web Training Suite is a series of two interactive online training sessions (2 hours each) intended for software administrators. You participate from the comfort of your own office and you can fully interact with your skilled trainer.

Pricing:

Full Suite: \$599

Individual Session: \$399

Session 1: Administrator's Overview - September 30, 2019, 1:00 pm - 3:00 pm EDT

This session takes you step by step through the implementation of GAGetrak, covering installation and configuration, program navigation, how to create, upgrade and maintain databases, user and security setup, drop-down list management and data entry best practices so you can get up and running quickly.

Session 2: Custom Reports and Labels - October 1, 2019, 1:00 pm - 3:00 pm EDT

In this session, you'll learn how to navigate the report and label editor, how to modify existing reports and labels (adding and removing fields, etc.) and how to create new reports including the basics of SQL statements.
