# GAGETRAK LITE REPORTS

Get more control over your quality management program with the convenience and simplicity of GAGetrak Lite Reports. At a lower cost than a full GAGetrak Lite license, GAGetrak Lite Reports is the perfect solution for users who only need access to critical reporting information.

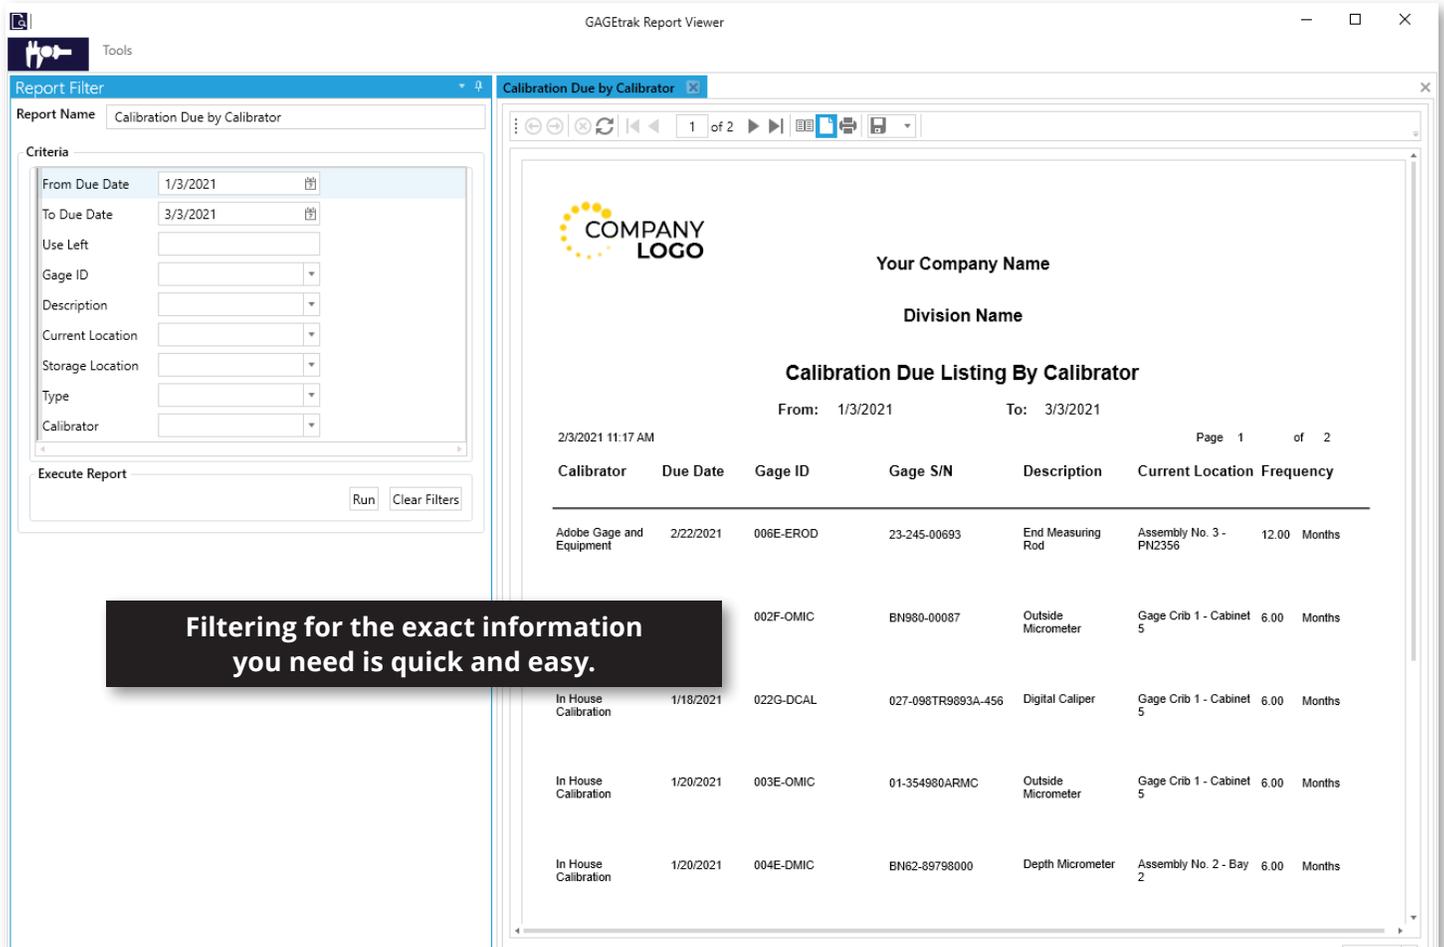

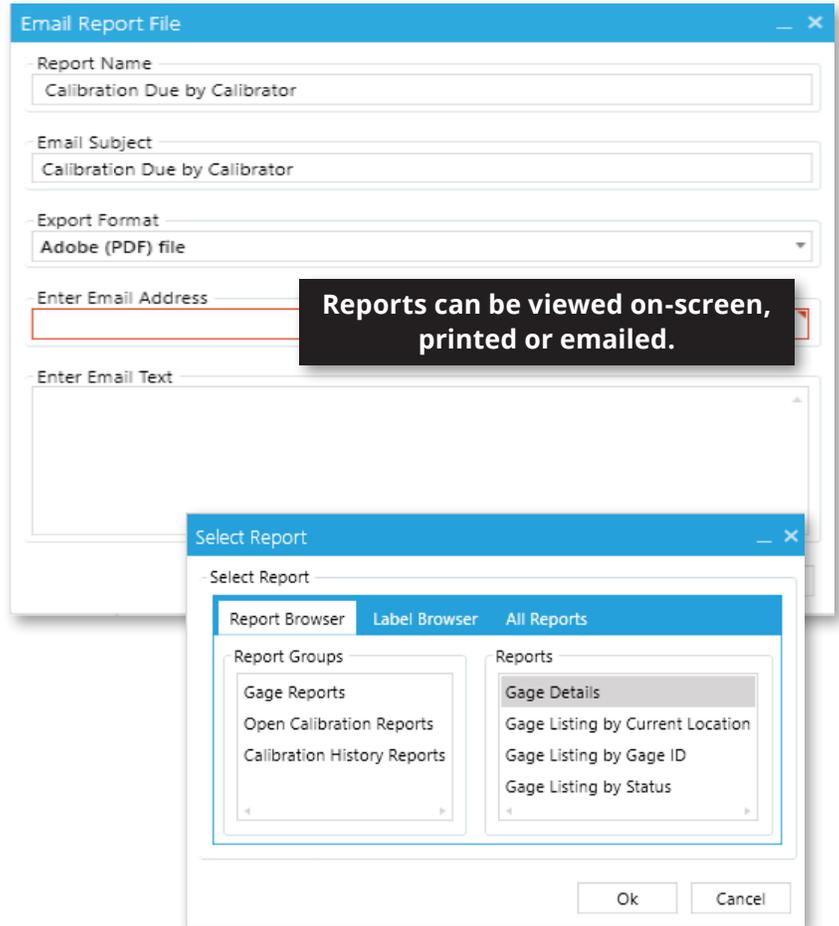

The screenshot displays the GAGetrak Report Viewer interface. On the left, a 'Report Filter' panel is visible, showing the report name 'Calibration Due by Calibrator' and various criteria for filtering, such as 'From Due Date' (1/3/2021), 'To Due Date' (3/3/2021), and 'Calibrator'. Below the filter is an 'Execute Report' section with 'Run' and 'Clear Filters' buttons. The main report area on the right shows the 'Calibration Due Listing By Calibrator' for the period from 1/3/2021 to 3/3/2021. The report includes a company logo and name, and a table of calibration due items.

Calibrator	Due Date	Gage ID	Gage S/N	Description	Current Location	Frequency
Adobe Gage and Equipment	2/22/2021	006E-EROD	23-245-00693	End Measuring Rod	Assembly No. 3 - PN2356	12.00 Months
In House Calibration	1/7/2021	002F-OMIC	BN980-00087	Outside Micrometer	Gage Crib 1 - Cabinet 5	6.00 Months
In House Calibration	1/18/2021	022G-DCAL	027-096TR9893A-456	Digital Caliper	Gage Crib 1 - Cabinet 5	6.00 Months
In House Calibration	1/20/2021	003E-OMIC	01-354980ARMC	Outside Micrometer	Gage Crib 1 - Cabinet 5	6.00 Months
In House Calibration	1/20/2021	004E-DMIC	BN62-89798000	Depth Micrometer	Assembly No. 2 - Bay 2	6.00 Months

GAGetrak Lite Reports is an easy-to-use, stand-alone desktop utility that allows you to generate thorough reports to analyze and stay ahead of trends, forecast workloads, improve efficiency and minimize costs.

GAGetrak Lite Reports includes Report Viewer, which is strictly for viewing, printing and emailing reports, as well as Report Manager which allows for the customization of reports and labels.

Reports connects to your GAGetrak Lite database allowing you to access all standard, edited and custom GAGetrak Lite reports. If you have multiple databases, you can switch between them, as needed.

## GAGETRAK LITE SETTINGS

Because Reports connects directly to your GAGetrak Lite database, your company information settings (including company name, division name and logo) and Document Control Text settings are all active in Reports.

## SECURITY

If you have security enabled in GAGetrak Lite, those settings transfer to Reports when connected to the same database. So, anyone with GAGetrak Lite login credentials can also access Reports.

The screenshot shows a report titled "Calibration Due Listing By Calibrator" with a header area containing a "COMPANY LOGO" and fields for "Your Company Name" and "Division Name". The report includes a date range "From: 1/3/2021 To: 3/3/2021" and a page indicator "Page 1 of 2". The main data is presented in a table with columns: Calibrator, Due Date, Gage ID, Gage S/N, Description, Current Location, and Frequency. An overlaid "GAGetrak Report Manager" dialog box shows the "General Information" section with "Name" set to "Calibration Due by Calibrator" and "Document Control Text" set to "This text is customizable.". Below the dialog, a line in the report table shows the text "This text is customizable." corresponding to the dialog's settings.

Calibrator	Due Date	Gage ID	Gage S/N	Description	Current Location	Frequency
Adobe Gage and Equipment	2/22/2021	008E-EROD	23-245-00893	End Measuring Rod	Assembly No. 3 - FN2356	12.00 Months
In House Calibration	1/7/2021	002F-OMIC	BN980-00087	Outside Micrometer	Gage Crib 1 - Cabinet 5	6.00 Months
Digital Caliper					Gage Crib 1 - Cabinet 5	6.00 Months
Outside Micrometer					Gage Crib 1 - Cabinet 5	6.00 Months
Depth Micrometer					Assembly No. 2 - Bay 2	6.00 Months
Digital Caliper					Assembly No. 1 - FN035245	6.00 Months
Precision Balance					Assembly No. 1 - FN035541	12.00 Months
