

GAGetrak Lite Web Training Suite October 2019

The GAGetrak Lite Web Training Suite is a series of two interactive online training sessions (2 hours each). You participate from the comfort of your own office and you can fully interact with your skilled trainer. Complete both sessions in the suite to receive a certificate of completion and you'll be using GAGetrak Lite like a pro.

Session 1: Gages, Schedules and Procedures - October 7, 2019, 1:00 pm - 3:00 pm EDT

In this session, you will learn about gage record creation, calibration scheduling, how to perform searches and filter records, test point setup, procedure entry, and how to adjust basic configuration settings.

Session 2: Calibrations, Reports and Security - October 8, 2019, 1:00 pm - 3:00 pm EDT

This session consists of calibration record creation and measurement entry, how to interact with and use the Dashboard and calibration due listings, attaching documents to calibration records, security setup, email configuration, and viewing and printing reports.

Pricing:

Full Suite: \$599

Individual Session: \$399
