GAGEtrak version 8.8.4 is now available!

We are happy to announce this new maintenance update for GAGEtrak Pro, GAGEtrak Lite and associated Info Center, Crib, MQTT Broker and Web API Server software.

In-version updates are released to enhance our software and repair issues, so it's very important to keep your software up to date. In-version updates are free when you have a current maintenance agreement or if you have purchased the software within 90 days prior to the update release.

Please click here for the full list of updates and enhancements in version 8.8.4.

REQUEST THE UPDATE NOW

If you have questions about software updates, please contact Tech Support and have your product's License Code or Serial Number available.

If you're using version 7 or prior and would like to upgrade, please contact us at: 1-800-777-7020 or sales@cybermetrics.com.

To save time, avoid common mistakes and get the most out of your software, it is imperative to receive proper training and we offer a wide variety of training options to meet every need and budget. Class sizes are limited, so make your reservation now!

Guides

Click **here** to access user guides from the Tech Support page of our website or access your guide from within your GAGEtrak software by clicking the application icon in the upper left corner, clicking the **Help** menu option and then clicking the **Help** icon.

Infotips

Infotips provide useful information about various features and functions throughout GAGEtrak Pro and GAGEtrak Lite. Hover your mouse cursor over an infotip icon (letter i on blue circle) to get context-related information for that field's purpose or capability.

Support Portal

Our **Support Portal** includes a knowledge base of answers to common questions and explanations of any potential issues you may experience. The Support Portal will also provide the most efficient means to create a support ticket, follow its progress, view ticket history and engage the support team. You may already have login credentials for the Support Portal from a previous session with our team; if not, fill out **this form** to request an account (we will typically have your new account created within 24 hours). If you are unable to complete the form online, please call us at +1 (480) 212-1257 or 1-800-777-7020.

We encourage you to explore the capabilities of your GAGEtrak software and as always, keep an eye out for future quick tips.
